Summary

Aspiring AI/ML engineer pursuing B.Tech in Computer Science and Engineering (AIML specialization) at SR University. Experienced in AI-driven solutions, ensemble learning models, and real-time applications. Finalist (Top 8/1900+) in Odoo Hackathon 2025. Passionate about solving real-world problems and aiming to build a startup.

Education

SR University, Warangal 2023 – 2027
B.Tech in Computer Science and Engineering (AIML)

- Core courses: Artificial Intelligence, Machine Learning, Data Structures, Algorithms, Database Management, Operating Systems, Deep Learning.
- Actively involved in research projects and hackathons related to AI/ML and real-time applications.
- Serving as Treasurer in AIML Club, demonstrating leadership and organizational skills.

SR Junior College 2021 – 2023
Intermediate Education – MPC

Vishwa Vikas High School 2021
Secondary School Education (SSC)

Experience

Treasurer – AIML Club, SR University 2024 – Present

- Managed finances, budgeting, and sponsorships for student-led AI/ML initiatives.
- Organized coding contests, workshops, and hackathons with 150+ student participation.
- Guided juniors on AI/ML tools and best practices, fostering peer-to-peer learning.
- Collaborated with faculty and industry mentors to bring guest lectures and events.

Hackathon Finalist – Odoo Hackathon 2025 Aug 2025, Gandhinagar

- Selected among Top 8 teams out of 1900+ nationwide for an innovative AI-based project.
- Designed a real-time assessment system with adaptive feedback, improving efficiency.
- Worked in a high-pressure team environment, delivering within strict deadlines.
- Presented solution to industry experts, receiving recognition for innovation and teamwork.

Projects

Ensemble ANN Models for Air Pollution Prediction [GitHub](#)

- Designed and implemented ensemble Artificial Neural Network models to enhance air pollution prediction accuracy.
- Utilized advanced techniques such as bagging and boosting to improve model reliability.
- Tools: Python, TensorFlow/Keras, NumPy, Pandas, Matplotlib.
- Achieved higher accuracy compared to individual ANN models, contributing to sustainable urban planning.

Certificates

- Hackathon Finalist – Odoo Hackathon 2025 (Top 8/1900+, Gandhinagar) [\[Link\]](#)
- Semester Topper Certificate – SR University, 2024 [\[Link\]](#)

Skills

Languages: Java, Python, SQL

Personal: Problem-solving, leadership, teamwork, adaptability, communication, time management
